Join us in helping to Fight Breast Cancer by Choosing Cleaner-Burning E15 for the entire month of October.

W & H Cooperative Oil Co has joined forces with the Iowa Renewable Fuels Association (IRFA), Iowa Corn Promotion Board (ICPB), National Breast Cancer Foundation (NBCF), and The Hormel Institute to help combat breast cancer through the use of cleaner-burning E15.

We'll donate 3-cents for every gallon of E15 purchased throughout the entire month of October to National Breast Cancer Foundation and The Hormel Institute to help fight breast cancer through early detection, education, support services, and research.

E15 is approved for use in all 2001 and newer vehicles, and contains less toxins and cancer-causing chemicals than straight petroleum gasoline. By choosing E15 at **Humboldt Ampride; Fort Dodge Ampride and Eagle Grove Ampride** during the month of October, you're not only supporting a cleaner-burning fuel, you're helping to combat breast cancer!
